Ph: 8354 0006

Email: office@sasta.asn.au

Key Dates

4 June

Project Registrations close so be sure to get your registration forms to your School Coordinators early!

2 - 22 July 2020

Round 1 Projects to be submitted online including:

- Multimedia, Science Writing & Scientific Inquiry
- Reports for Computer Programming, Apps & Robotics **MUST** be submitted online this year

Round 2 Projects

- Computer Programming, Apps & Robotics, Crystal Investigation, Models & Inventions, Photography, Games & Posters

We would like to assure our participants that we will make every effort to continue with traditional delivery options of our Models & Inventions and Computer Programming, Apps and Robotics projects.

However, we would strongly recommend students undertaking these projects consider documenting their work digitally. This can simply be by using a phone, computer or tablet to make a short video (90-120 seconds) of their project in action including the students name/s, school, year level, project title.
