COVID-19

by Isaac

COVID-19 has really changed things for me. I have to be careful with what I do and where I go. I am very sad that so many people have gotten sick from COVID-19. I hope people listen to the rules to be careful and we get out of this problem soon.

The link for my presentation is https://youtu.be/y_OD4tNxV1k

My mum helped videotape me because I couldn't do it myself and my friend was no longer able to do the video with me.

I used iMovie on the computer to edit my presentation. My mum helped me with some of the editing because I didn't know what to press. I chose what I wanted to do in the video.

I used all these places on the internet to help me:

WHO World Health Organisation International

Australian Government Department of Health - healthdirect.gov.au

SA Health

My mum has typed the internet links below. I read the information with my mum but I do not know how to write the links.

Information about how many people have COVID-19 came from:

<https://www.euro.who.int/en/health-topics/health-emergencies/coronavirus-covid-19/novel-coronavirus-2019-ncov#:~:text=On%2031%20December%202019%2C,2019%2DnCoV>".

<https://www.google.com.au/amp/s/www.healthdirect.gov.au/amp/article/what-is-a-pandemic>

I learnt about R0 from Dr Tristan Hardy who is a pathologist at SA Pathology.

I learnt about how to protect ourselves from COVID-19 by reading the SA Health internet page with my mum.

<https://www.sahealth.sa.gov.au/wps/wcm/connect/public+content/sa+health+internet/conditions/infectious+diseases/covid-19/about+covid-19/protecting+yourself+and+others+from+covid-19/protecting+yourself+and+others+from+covid-19>

I learned so much from doing my video. I hope people watch my video and learn more about COVID-19.

Thank you for watching my video and reading my report.
