

**Prize Winner**

**Multimedia**

**Year 3-4**

**Connor Wallace**

**Scotch College - Junior School**

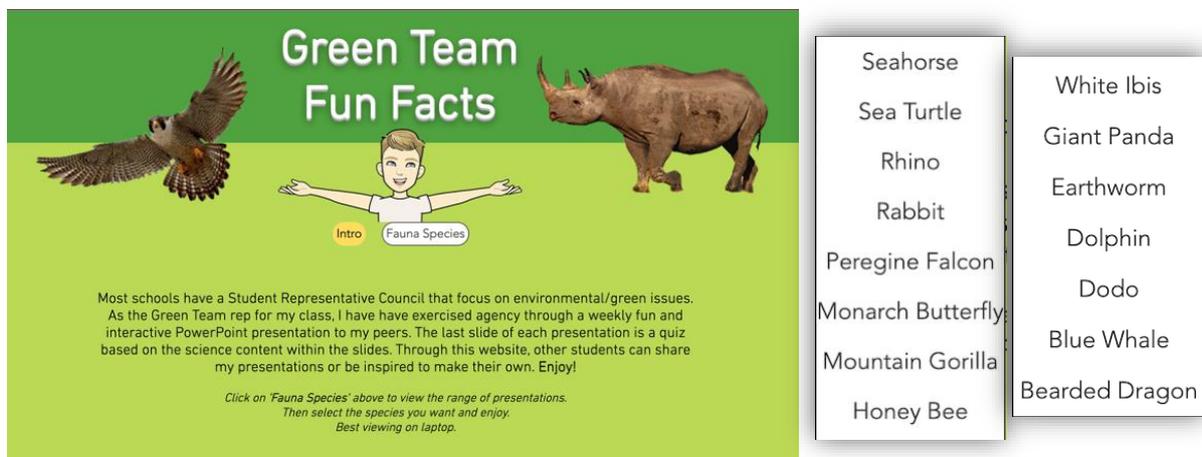

**Multimedia entry**  
by ID: 0584-032 (Year 3-4)

Most schools have a Student Representative Council that focus on environmental/green issues. As the Green Team rep for my class, I have exercised agency through a weekly fun and interactive PowerPoint presentation to my peers. The last slide of each presentation is a quiz based on the science content within the slides. Through this website, other students can share my presentations or be inspired to make their own. Enjoy!

**URL:** <https://wallacek7.wixsite.com/gteamfacts>

**Screenshot of website homepage:**

**Software used:** Wix website creator and PowerPoint (converted to PDFs)

**Acknowledgement of assistance:**

My brother advised I use Wix website creator. It is quite user friendly. He showed me how to convert one of my PowerPoint presentations to a PDF to embed it on the website. The website does not support PowerPoint. I converted the other fourteen presentations. My mum helped me with the format of the bibliography.

**Problems overcome:** as the website does not support PPT, I chose to convert them to PDF.
